## Crash bang wallop

Yesterday after returning from the holidays, teachers were told there was a crater on the local school field with old, rusty engine parts.

### Crater found in local school field

On Tuesday the 9th of January the head teacher told the children that "Something very strange" had appeared in the school field. Rumors are spreading that they think the frogs are Aliens.

Scientists predict the aliens have been invading us since the school opened which is 62 years and hit the ground at the speed of 550 kilometers fast.

Mrs Button Politley  
interrupted a class maths  
lesson & stated that  
"Something very  
strange has appeared  
in the local school  
field". Children  
stated Mrs Button  
was suspicious.  
What is she is the  
alien?  
Very peculiar

Just starting a  
new year.  
Will the children  
have another  
visit from the  
outer world?  
Will they ever  
see the Frog Pond  
again?  
Will they ever  
see the alien  
wondering around  
school?
