

Mill Hill Primary School An Enhanced Mainstream School

Policy for Educational Visits

Mill Hill Primary School believes that educational visits raise achievement by boosting self-esteem, confidence and motivation, develop key skills, social education and citizenship, promote education for sustainable development, provide experiences unavailable in the classroom and promote health and fitness.'

RATIONALE

We at Mill Hill Primary School believe that safely managed educational visits which have a clear purpose are an important part of our curriculum and a vibrant part of Mill Hill as a successful school. They are an opportunity to extend pupils' learning and enrich their appreciation and understanding of themselves, others and the world around them. They can be the catalyst for improved academic performance, a lifetime interest or in some cases professional fulfilment. They are to be encouraged.

PURPOSE

1. To ensure that every pupil has the opportunity to benefit from educational visits.
2. To ensure all visits are safe, purposeful and appropriate to meet the educational needs of pupils taking part.
3. To enable the school to identify appropriate functions, responsibilities, training, support and monitoring for all Governors, Heads, staff, helpers, pupils and providers involved in educational visits.
4. To comply with LA 'Code of Practice and Guidelines for Educational Off-Site Visits and Activities' and keep up to date with further advice.
5. To meet DfES guidelines (1998) entitled 'Health & Safety of Pupils on Education Visits' (HASPEV) and DfES 3 part supplement any guidance published July 2002.
6. To ensure where appropriate further advice is sought from LA and other technically competent personnel.

- Expectations of behaviour and codes of conduct will be explained to parents. This will include the need to meet the cost and make arrangements for collecting children in certain circumstances.

PUPILS

- Pupils should be briefed about aims, expectations and codes of conduct for all visits. Ongoing briefings are an important part of learning and safety.
- Where possible pupils should be involved with planning, developing codes of conduct, assessing/managing risk and evaluating their own attitude, behaviour, development and learning.

CONCLUSION

Although part of the health and safety policy, educational visits are an integral part of the curriculum plan and strategies for learning. It should be closely linked to equal opportunities, special needs, policies for inclusion and staff development.
