Edition 3

1st Oct 2021

Whilst we are returning to a more 'normal' routine within school, the number of Covid cases within our community remains high and is rising. We know some siblings of our children are affected.

It is essential, therefore, that the children maintain a good level of hand washing/hygiene. There also seem to be other bugs around which are causing the children to be absent from school. Whilst there are times when children need to be kept at home, we ask that they do not have unnecessary one day absences. Ofsted judge a school on its attendance data and whilst ours was very much improved, it has shown a worrying downward trend. Signing up for the nasal flu vaccination will help.
