

At last we are enjoying sunny days, it makes such a difference to how everyone is feeling! It has been a very busy and exciting last couple of weeks in school - sports week was a resounding success with all the children experiencing a whole range of activities. Thank you to Mr Warden, for organising such a brilliant time. As I write, Years 1 and 2 are happily heading off to the beach, armed with buckets and spades, ready for a full day of fun and learning. On Monday, Year 6 will be up at the crack of dawn to head to London for the day. It certainly is all go!

Mr John Foster

We were very saddened to hear, earlier last week, of the death of Mr John Foster.

John, and his wife Mary, have long been great supporters of Mill Hill. Every year, they donated all the prizes for the Christmas Gift 100 Square....and John took on a very important role distributing gifts.

All of their sons, John, Phillip and Carl, attended Mill Hill. Our thoughts are with all the family at this very sad time.

Jewellery in School

Please note that children should not be wearing jewellery in school. It is a health and safety issue.

Those with pierced ears should only wear small studs, which should be removed or covered for PE.

FAREWELL

Sadly, this week we have had to bid farewell to Mr Mike & Mrs Jill Jaques. This is a very great and sad loss to our school. Both have devotedly supported us through thick and thin.... Mrs Jaques as a Governor and volunteer and Mr Jaques as an inspirational instructor in the art of debate. They have both supported with reading and have been generous financially. Mr Jaques was a great support in gardening too. We are going to miss them both very much.

We wish them both great happiness as they move to be nearer their boys, Christopher and Matthew.
