18<sup>th</sup> November 2022

As I walk around school, the link Mrs Withington has forged with Iryaruvumba Primary School in Uganda has captured my interest. How happy and contented the children look, working together for the good of their school. They even grow crops to sell to support the finances.

Their letters tell us all about the wildlife in their country, the mountains behind their school even home gorillas! These children do not have material objects, a football is made from plastic bags tightly bound with string, but their sheer joy and contentment is so evident in all their photographs. This is giving me food for thought as Christmas approaches.
