

It is so lovely to see the creativity around school. Reception have been out and about in the Autumn sunshine, collecting leaves in a wondrous array of colours to create the most stunning crowns. Meanwhile, in Nursery, the children have been beavering away producing a stunning array of bonfire inspired artwork, food and related practical activities with amazing results. Year 1 and 2 are busy learning their lines and perfecting their acting skills. There are certainly some budding stars in their midst! We love creativity at Mill Hill!
